

Travel recommendations to Heringsdorf

By Car

For arriving guests, there is a parking bay on the opposite side of the hotel. Guests can stop here for check-in. Guests staying at the hotel can reserve parking in the underground garage at the reception. Alternatively, there is a public parking garage approximately 300 meters from the hotel that might be cheaper than the hotel garage.

By train

- You can go to Heringsdorf by train. For timetables and tickets please use the website of the German train company „Deutsche Bahn“: <https://int.bahn.de/en/>
- Most connections run via Berlin. From there you can use hourly connections to Heringsdorf. Trains need to be changed twice on that trip.

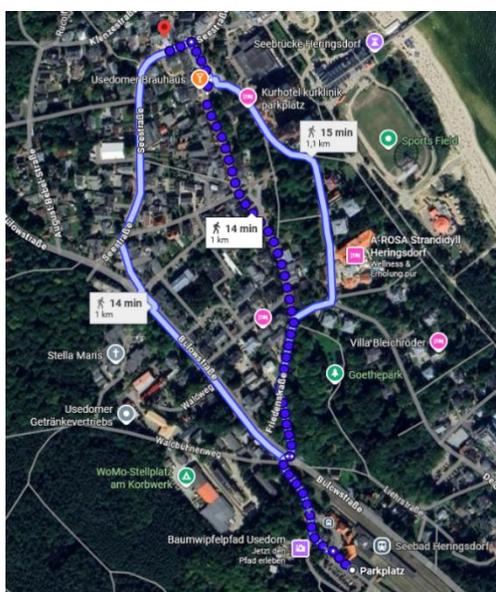

By Airplane

To/From Berlin

- When flying to Berlin there is the station directly at the airport ("Flughafen BER"), destination is "Seebad Heringsdorf".
- You can easily book online: <https://int.bahn.de/en/>
- Please be aware of the times when changing trains. Sometimes it is only 4 minutes but on the same platform. Trains commute every hour, so if you miss one, the next one will come soon.

To/From Hamburg

- We do not recommend to fly via Hamburg, because at the moment there is construction work on the train connection between Hamburg and Rostock (that you will pass when travelling via Hamburg).
- The regional trains last double as long as normal, the fast trains go via Berlin.
- If you continue your travel from the airport by car, then Hamburg is an alternative

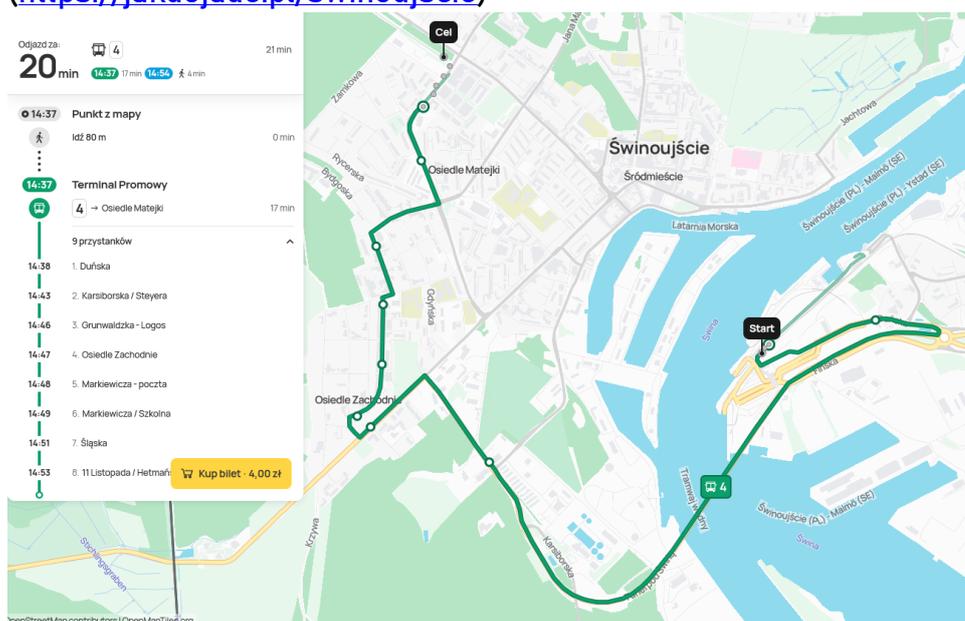

from the station „Seebad Heringsdorf“
it is a 15min walk (950m)
to the SEETEL Hotel Villa Esplanade
